

Do Supply

DO Supply Inc. is a worldwide supplier of automation parts, based in Raleigh, NC. Products we sell include Allen Bradley, Eaton Cutler-Hammer, Ge Fanuc, and Moscad. We specialize in supplying hard to find and obsolete products. DOSupply.com was started in order to provide customers with high quality products at a low price, that are easy to order and shipped quickly. We strive to meet your needs as fast as possible and have an A+ rating with the Better Business Bureau.

We also have a comprehensive repair service. With unbeatable turn around and great low prices on all of our repairs. Visit our repair page to learn more about how we can help you and your company. Request a quote on any of our products or repairs and we will send you our lead time, shipping cost, and great low price. Also, visit us on Facebook, Twitter, Google+, or one of our many other social media websites to learn more about our company. Students, learn more about the DO Supply scholarship opportunity.

DO Supply, Inc. sells Surplus and refurbished products which are sourced through independent channels. All warranties and support, if applicable, are with DO Supply, Inc. and not the manufacturer. DO Supply, Inc. is not an authorized distributor or representative for the listed manufacturers and makes no representations as to any quality control performed by any listed manufacturer on the products. The products listed in this linecard may vary as to their country of origin; the accessories, and other items included with the product; and the language used on the packaging, the parts, and any licensed software that may be needed to operate certain hardware and customers must obtain any necessary software licensing, maintenance, or upgraded from the manufacturer or other authorized source. This linecard is not sanctioned or approved by any manufacturer or tradename listed. Designated trademarks, brand names, and brands appearing herein are the property of their respective owners.

Repair Services

DO Supply Inc. is a worldwide supplier of automation parts, based in Raleigh, NC. Products we sell include Allen Bradley, Eaton Cutler-Hammer, Ge Fanuc, and Moscad. We also repair these products as well as offer exchange credit for your defective devices. We strive to offer great low prices, fast repair services, and fantastic customer service.

Our Repair process is simple, first we will send you a quote, if you decide to move forward we will email you an RMA. Once we receive the item we will repair the item for the flat fee quoted on the RMA, so there are no surprises or up-charges for difficult repairs. Once the repair is complete we will contact you to verify shipping and payment details and then ship the item back to you.

Sell Your Surplus

At DO Supply Inc, we want to buy your surplus Allen Bradley/Rockwell Automation and other industrial automation equipment.

Sell us your Surplus or used Allen Bradley Parts and other automation equipment. We are interested in your surplus and no longer needed Allen Bradley PLCs, HMIs, and Drives. We buy Allen Bradley, Eaton Cutler Hammer, and many more products. We offer competitive pricing and fast payment for industrial parts. Submit a list of products you would like to sell and we will get back to you with an offer as soon as possible.

We buy both Surplus and Used automation equipment from several different manufacturers. So please contact us today to sell used Allen Bradley surplus products.

We buy used and obsolete automation equipment. Whether the item is a current product or has been obsolete for many years, we may be interested.
